

Profile // I'm a multimedia and experiential veteran (15+ years) that often facilitates the handshake between creative and technology. As a hybrid creative, I design, produce, and engineer for motion, print, digital, and live experiences. I'm pretty good at a lot of things – from technical R&D to post-production. I like working both digitally and physically.

Work // My work is represented well in my [REEL](#).

Personal // I make weird videos, take photos, and make mixtapes for vacations: [vacationland.club](#).
